Subject Index

Keywords

Book Reviews
Crustaceans and Mollusks: General
Drugs and Chemicals: Anesthetics; Methods; Residues
Editorial
Fish Health: Disease; Methods; Survival
Genetics: Selective breeding; Triploidy
Hatchery Management: Marking techniques; Pond culture; Production methods; Rearing facilities; Transportation methods
Nutrition: Diets; Feeding methods; Requirements and additives
Physiology: Biochemistry; Environment; Exercise
Reproduction: Brood stock; Egg handling and incubation; Spawning
Water: Methods; Quality; Treatment

Book Reviews

Aquaculture and the Environment 140
Crustacean Farming 62
Developments in Aquaculture and Fisheries Science 62
Eel Culture 214
Introduction to Aquaculture 62
The Rainbow Trout 214

Crustaceans and Mollusks

General
- Bay scallops, occurrence in Texas research ponds 131
- Chemoreception, by *Penaeus vannamei* 157
- Soft-shell crawfish separation, electrical 114

Drugs and Chemicals

Anesthetics
- Metomidate, handling and transport of American shad 236

Methods
- Glycine, enhancing feed intake, chinook salmon 40
- Salt solutions, control of fungus on eggs 48

Residues
- Mirex retention by fish, formulated and natural diets 163

Editorial

Ownership transition 217

Fish Health

Disease
- Acanthocephala infested bass, nutrient availability 275

Methods
- Fungus control with salt, salmon eggs 48

Survival
- Condition factor effect on sea-run cutthroat trout 184
- Dietary fatty acid enrichment, inland silversides 280
- Fin-clipped coho salmon, survival 141
- Winter steelhead returns, effect of exercise 180

Genetics

Selective breeding
- Walleye and walleye × sauger hybrids, growth models 229

Triploidy
- Triploid induction, atherinid fishes 83

Hatchery Management

Marking techniques
- Fin-clipped coho salmon, survival 141
- Thermal marking, hatchery water heating system 284

Pond culture
- Egg transfer device, spotfin shiners 128
- Pond bottom soils, effects of urea, aeration, drying 210
- Seines, channel catfish harvest 133

Production methods
- Intensive culture, walleye and walleye × sauger hybrids 229
- Polyculture systems with tilapia, carp, catfish 57
- Rearing density, Atlantic salmon performance 29
- Rearing density, coho salmon postrelease survival 16
- Size grading, sex ratios of channel catfish 9
- Swim bladder inflation, Australian bass 25
- Swim bladder inflation, detecting in walleye 90
- Swim bladder inflation, intensively reared walleye 224
- Swim bladder inflation, walleye in production ponds 219

Rearing facilities
- Cone-bottomed cages for removal of solid wastes 255
- Low head oxygenator, raceways 121
- Raceway baffle design, solid waste removal 43

Transportation methods
- Aeration system evaluation, fish-hauling truck 187
- Anesthetizing juvenile American shad for transport 236
- Helicopter planting of fish 289

Nutrition

Diets
Absorption efficiency studies, acid-insoluble ash 270
Dry feeds, sunshine bass 199
Formulated diets for rainbow trout 265
Pelleted rations, gastric evacuation in brown trout 244
Feeding methods
Winter feeding frequency, channel catfish 137
Requirements and additives
Acid-insoluble ash, absorption efficiency marker 270
Distiller's grains with solubles, channel catfish 95
Fatty acid enrichment, performance of inland silversides 280
Feed attractants, chinook salmon fry feeding 40
Protein digestibility, acanthocephala infections 275

Physiology

Biochemistry
Ascorbate concentration in tissues, rainbow trout 109
Condition factor, effect on cutthroat trout survival 184
Gastric evacuation, pellet-fed brown trout 244
Hormone-induced spawning, Arctic char 22
Hormone-induced spawning, largemouth bass 1
Mitochondrial DNA isolation, commercial kit 125
Reversed asymmetry, summer flounder 106
Environment
Swim bladder inflation, Australian bass 25
Swim bladder inflation, detecting in walleye 90
Swim bladder inflation, intensively reared walleye 224
Swim bladder inflation, walleye in production ponds 219
Testosterone transfer, recirculating-water system 250
Exercise
Effect on adult winter steelhead returns 180

Reproduction

Brood stock
Captive chinook salmon, maturation and spawning 191
Egg handling and incubation
Egg transfer device, spotfin shiners 128
Enumeration of eggs, channel catfish 195
Estimating egg hatching rates, golden shiners 55
Estimating egg numbers, golden shiners 53
Incubation system, individual groups of eggs 101
Incubator jar, polyvinyl chloride 207
Laboratory incubator, fish eggs 204
Low-temperature incubator 292
Spawning
Artificial spawning, channel catfish 60
Cryopreservation, yellow perch semen 261
Hormone-induced ovulation, Arctic char 22
Laboratory spawning, fountain darter 149
Maturation and spawning, captive chinook salmon 191
Raceway spawning, largemouth bass 1

Water

Methods
Oxygenation, low head oxygenator system 121
Water heating system, marking salmon 284
Quality
Gas supersaturation, effect on lake trout 169
Gas supersaturation, eye abnormalities in lake trout 177
Testosterone transfer, in recirculating water systems 250
Treatment
Cone-bottom cages for removal of solid wastes 255
Protein removal, foam fractionation 76
Solid waste removal, foam fractionation 69
Solid waste removal, raceway baffles 43
